

ULTIMATEBLUE®

Leading Strip Solar Pool Heating Technology

ULTIMATEBLUE is leading the market in strip solar pool heating technology. Utilising Boss Solar's innovative and unique **MULTILAYERED** technology (layered materials), **ULTIMATEBLUE** has been specifically designed for improved durability and heating performance. The **ULTIMATEBLUE** inner layer has the best chemical, flex fatigue and barb sealing properties available.

The **MAXBLACK** outer layer and web material has been formulated to provide maximum ozone and UV resistance. It utilises a high matting agent to maximise solar absorption and has increased toughness to resist mechanical damage and puncturing. Get the latest and best in solar pool heating technology with **ULTIMATEBLUE**.

**AUSTRALIAN
MADE**

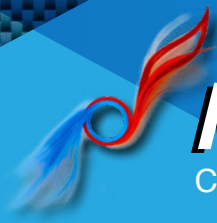

**10 YEAR
WARRANTY***

**MULTILAYERED
TECHNOLOGY**

*Standard warranty is 10 years, 15 year extended warranty available on collector. Subject to conditions, contact Boss Solar for more information.

MULTILAYERED

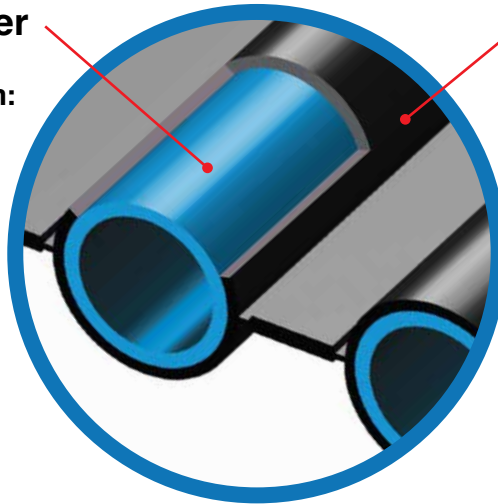

Composite solar collector

ULTIMATEBLUE Inner Layer

High Nitrile Formulation results in:

- Maximum chemical resistance
- Enhanced resistance to flex fatigue
- Maximum sealing retention to barb

Providing optimum performance and longevity

MAXBLACK Outer Material

- Maximum Ozone and UV resistance for longevity
- Maximum heat absorption from the matt skin results in increased heating efficiency
- Increased toughness to resist mechanical damage
- Available in 10, 12, or 14 tube

15 YEAR EXTENDED WARRANTY

Available when combined with the **Boss TufMan System***

TufMan® Manifold

- Moulded in a single piece for strength and durability
- Maximum water flow to each tube
- Premium grade BASF LuranS®

VacRel® Vacuum Relief Valve

- Eliminates vacuum crush
- Industry leading component
- Engineered to last

TufFilter® Inline Filter

- High performance inline filter
- Filters out debris and fibres
- Prevents blocked tubes and stagnant systems

Additional Required Components

- Pressure Gauge
- Rigid Collars
- Drain Tube

*Systems must be installed with the components outlined above and in accordance with the recommendations and guidelines published by Boss Solar. Other conditions may apply, contact Boss Solar for more information.

OPTIONAL UPGRADE

TufReturn Manifold

Improve the visual appeal of your solar system with the TufReturn® Manifold. This premium upgrade replaces the standard loop return with a TufReturn® Manifold, creating a flat, neat and professional finish.
